PROJECT DEPLOYMENT

Abu Dhabi & Dubai, United Arab
Emirates**RE: COMMERCIAL QUOTATION: ANALYTICAL INSTRUMENTS & CHEMICAL-RESISTANT LAB WORKSTATIONS****Dear Dr. Al Nuaimi & Members of the Procurement Board,**

We are pleased to submit our formal technical and commercial proposal for equipping the secondary science and analytical research laboratories under ADEK oversight. TAKA Scientific Trading LLC operates as an authorized UAE distributor and turnkey laboratory provider for institutional education, medical, and industrial sectors across the Emirates.

This quotation encompasses EN 14175 certified ducted fume hoods, heavy-duty modular epoxy workbenches with 500kg uniform load rating, high-precision UV-Vis spectrophotometers, and analytical centrifuges. All supplied apparatus is supported with comprehensive 3-year local warranty coverage, certified MoIAT In-Country Value (ICV) compliance, and immediate regional spare parts dispatch from our Abu Dhabi central warehouse.

Our factory-certified engineering crew will oversee mechanical uncrating, gas manifold hook-up, face-velocity containment testing, and full commissioning. Please review the attached itemized bill of quantities (BOQ) and handover schedule.

Respectfully submitted,

*Kalaikugan***Eng. Kalaikugan**
